Programme Overview

Welcome to the Level 7, Senior Investment Professional.

In the 18 -24 months it takes to complete the programme, participants will focus on developing the skills needed in senior management roles. They will cover topics such as strategic planning & insight, change management, continuous improvement, problem solving, decision making, and networking, teamwork & collaboration, building impactful relationships and developing themselves & others.

Our Senior Investment Professional (Level 7) programme blends outstanding face-to-face training with dedicated workplace coaching and on-the-job experience to enable a participant to develop the practical skills, knowledge and behaviours expected of a highly competent professional in Wealth and Private Client Management. In addition, participants will work towards a recognised professional qualification.

20% Off-the-job Training

Our programme is designed to help facilitate off-the-job learning, so we can support the candidates in evidencing the 20% off-the-job training which they are required to complete within working hours.

Many employers have concerns about operational implications associated with off-the-job training. However, it doesn't need to be an issue. See the table below for some suggestions of off-the-job training your participants can undertake.

Please do get in touch with any queries and a member of our team will be happy to help.

Activity	Example of valid off-the-job training
Classroom sessions / lecture	Block or day release
Workshops and masterclasses	Interactive workshops involving employers
Simulation exercises	Business models and gaming
Online learning	Online training modules and support materials
Shadowing	In work or new departments / locations
Coaching	Support from Line Managers/ colleagues
Industry visits	Within sector or outside of work roles

Please note the above examples are not an exhaustive list, so please contact us today to discuss further.

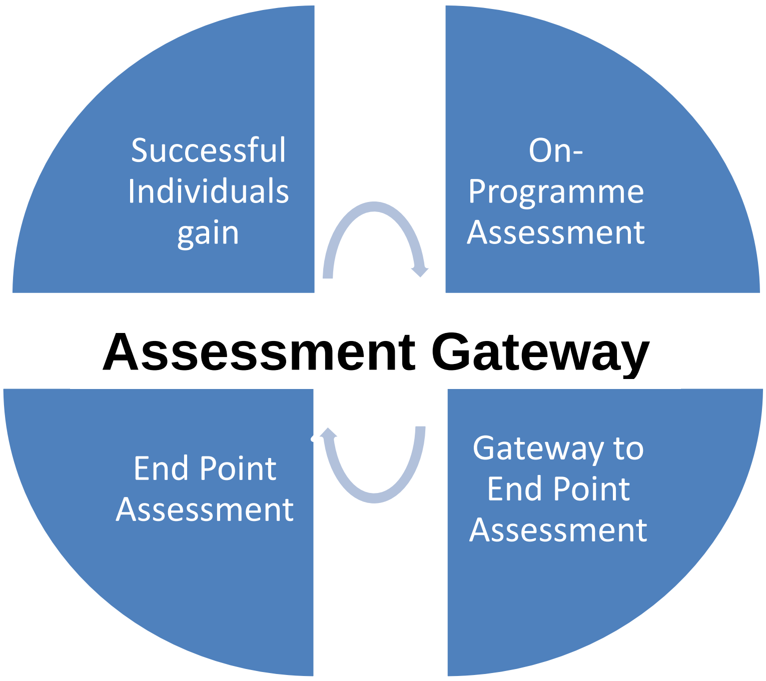
Assessment

This programme consists of two main types of assessments:

On-programme assessments
&
End point assessment (EPA)

The on-programme assessment will involve you, (the employer) and FSTP (your training provider). This assessment will involve each participant developing a portfolio that demonstrates their application of learning and development activities within the workplace.

The assessment is ongoing throughout the programme and apprentices will be provided with 360-degree feedback throughout their development of the portfolio.



Assessment

End Point Assessment

The first thing to note is that your chosen training provider cannot deliver your end point assessment. This must be done through a totally separate organisation.

The choice of which End Point Assessment organisation you decide to use is yours, but we can certainly offer guidance as to where you can find the details of approved organisations.

It is our aim to make sure that you work with an End Point Assessment organisation that supports your business, the participants and the job role, all to provide you with the confidence that the training and qualifications are best suited to your objectives.

The Future of Training Provision

We are using our industry knowledge and expertise to provide a range of apprenticeship programmes to the Financial Services industry that will provide participants with the high standards of training and support that we already provide to Financials Services professionals via our training solutions and professional qualification support.

Developing your career with FSTP

Our Apprenticeship programmes are designed with career pathways in mind, taking professionals through GCSE level right up to attaining a degree level professional qualification.

With our expertise within financial services we aim to provide our participants with fundamental skills that will allow the high performing candidates to progress in multiple directions – depending on their career aspirations and development opportunities in your business.
